

THE COURTYARD GARAGE – STORAGE FACILITIES

Please find below details of how the storage system at our premises is operated.

Our standard monthly charge is £73 for small to medium sized cars; larger vehicles will be quoted for separately. We request that the storage charges are settled via a standing order each month, in advance.

Cars may be collected during normal office hours of 9 a.m. – 6 p.m. Monday to Friday, and 9 a.m. – 4 p.m. on Saturday. One weeks notice is required for collection and one months notice to cease storage permanently

We usually disconnect all car batteries whilst the vehicle is in storage with us, however if you require a battery charger or conditioner to be connected we can arrange this for you at an additional charge of £5 per month.

All vehicles are stored in our modern dehumidified building that is fully alarmed and in a locked compound.

We are not responsible for insuring your vehicle whilst it is in storage; the vehicles own insurance should be in force.

We have a full classic car business on site and can arrange for MOT's, mechanical checkovers, and valeting. We strongly recommend that a dust cover be acquired to keep the vehicle dust free. We would be happy to quote for appropriate covers if required.

If you require any further details please do not hesitate to contact us.
