1970 Jaguar E-Type Series 2 4.2L Fixed Head Coupé

A great opportunity to acquire one of the most iconic sports cars ever produced – the legendary Jaguar E-Type. Few cars have ever captured the spirit of their era quite like this model, I dare to coin this massively overused phrase “*The Jaguar E-Type is the most beautiful car ever made.*” Enzo Ferrari.

This particular example is a UK-supplied, right-hand-drive Series 2 Fixed Head Coupé, originally delivered new by Henley's of London. Presented in Cream paintwork with contrasting Black leather interior, it has a lovely feel to it, and is an ultimately extremely desirable but usable classic.

Mechanically, this E-Type is a great to drive. The car benefits from a desirable 4-speed automatic gearbox conversion (carried out at a cost of around £7,000), offering a far more usable driving experience than the original 3-speed. The engine pulls strongly, starts reliably on the button, and the gearbox shifts smoothly – making it a classic you can truly enjoy on the road.

Mileage is circa 120,000 (with a documented speedometer change in 2000), and the car has benefitted from a top-end engine rework since then. It also comes with a comprehensive, receipted history file, Heritage Certificate, and V5C showing matching engine and chassis numbers.

Recent works include:

- Refurbished radiator
- Ultrasonically cleaned & rebuilt carburettors
- New upper & lower suspension bushes
- Front subframe mount repairs
- Rocker cover gaskets replaced
- Refurbished cooling fans
- New tyres (all four)
