2018 +4 Clubsport.

Supplied and maintained by us and unique in sport grey. The plus 4 Clubsport models were produced by the factory to provide the ideal platform for the novice to use in competition while at the same time being great fun to use on the road and drive to some meetings. There is full weather equipment and the standard heater is retained. The engine is remapped to give 180BHP in combination with a full manifold back exhaust system with rear exit tailpipe. All Clubsports were supplied with all the safety equipment required to go racing. This example was raced in the Morgan Challenge and been enjoyed on the road. The current mileage is 6100. RTCC would be happy to continue to run the car and give advice to anyone wanting to go racing.
