

2019 Morgan +4 Clubsport.

£34,995

2019 Morgan +4 Clubsport road going race car in sport white.

2 owners, previously supplied by us, and in excellent condition having had full re-preparation works by the Morgan factory less than 2000 miles ago. The plus 4 Clubsport was the last of four road going but ready to race RTCC collaborations with the factory and features a programmed ECU, bespoke exhaust manifold and exhaust to raise the power to 180BHP. Clubsport's are fitted as standard with rear FIA roll protection, full harnesses, Tillet competition seats, adjustable dampers and 6.5" wide roadster alloys. They also have full hood and side screens and retain the standard heater, making them very, very usable and fun on the road. Designed for novice racers to start racing in the Morgan challenge race series Clubsport's also represent very good value for a race +4. Subsequent to the photos the car has been mostly de-stickered.
