

Goodwood eligible 1954 Morgan +4 FIA race car.

£95,000

1954 Morgan +4 THY 60 "Tiny" – FIA Race / Rally Car

A rare opportunity to acquire one of only a handful of pre-1956 Morgan FIA race cars, eligible and highly competitive in **Plateau 2 at Le Mans Classic** and **Goodwood's Tony Gaze Trophy**. "Tiny" has an impressive recent race history, including **8th Overall at the 2023 Goodwood Members' Meeting**, routinely beating far more exotic machinery at a fraction of the cost.

Originally acquired by Richard from Kelvin and Vanessa Lee in 2001 in highly developed hill-climb specification, the car was returned to its correct **1954 configuration** for competition. This included drum brakes and a **2.0-litre TR2 engine on SU carburettors**, completed in time for the gruelling **2002 Rally of the Tests**, where Richard secured a hard-fought **class win (up to 2800cc)**.

Since 2012, "Tiny" has competed **four times at Le Mans Classic**, with a standout achievement of **winning an Index of Performance race outright in 2014**. Further successes include numerous class victories and **Class 4 victory in the 2023 Fiscar Series**.

The car benefits from a well-known and fully documented history from new — from rallying on trade plates with first owner **Tiny Lewis in December 1954**, through to outright Morgan Challenge race wins with former owner **Chas Windridge**, and continuing to today's modern historic racing successes.

Presented **race-ready for 2024**, the car features a **fresh steel Mass engine with less than 7 hours' running time**, and **valid FIA HTPs through to 2032**.

RTCC runs more than 30 race and rally cars and would be delighted to continue preparation, storage, and provide full **arrive-and-drive support** for the new owner.

Please contact Richard for further details.

Make	Morgan
Model	+4 TR
