

Year 2000 Morgan 4/4 1800 Zetec

£14,500

Year 2000 Morgan 4/4 1800 zetec.

A well presented and well loved one owner from new Morgan 4/4 that is regrettably being sold by its owner.

A lovely traditional looking Morgan with ivory paint and matching interior trim but with contrasting cinnamon-coloured carpets and a lovely walnut dashboard to set it off.

It comes fitted with chrome wire wheels, a fifth wheel with a high-level brake light, great for your suitcase whilst touring the English countryside. Full width bumpers front and rear, a full-length matching tonneau cover, 3 sets of keys and an outdoor car cover.

Being a 2000 model year it has stainless bulkhead and inner wings so no rust issues like the earlier cars.

Theres a lovely history file with receipts to back up all of the years of expenditure, regularly maintained by our friends over at Brands Hatch Morgan with plenty of stamps in the service book.

The car has Mot until September 2025; but is being priced as a very minor recommission project. It will require some work to get it through the next Mot.

It will need tyres, kingpins and bushes, a fuel filler neck, its currently pulling to the left slightly and would benefit from a cambelt change as we cannot find proof of last change.

Priced accordingly, but a great entry level and more importantly long door Morgan for somebody to make their own and enjoy as much as the current owner did.

Just under 49,000 miles since new.
